

Wellthy's India support

Ensuring families have a circle of support no matter where they or their loved ones live.

Our offering for India is designed to meet the top challenges identified for US, UK, Canada, or Ireland-based employees caring for loved ones back home in India.

Concierge services mirror what is available in the US (includes childcare + teen support).

Localized expertise: Care Coordinator(s) who speaks English + Hindi; US-based, but from India and has a keen understanding of local norms and healthcare systems

Languages supported*: Digital and concierge experience available in English and Hindi — enabling families to manage care projects in their native language

A Community of caregivers: helping employees feel less isolated and alone. Available globally in all major languages

Educational content*: available globally, in all major languages
